12 May 1961

STATINTL MEMO FOR:

SUBJECT: IG Report on Training

1. OP action responsibility in connection with recommendations 6, 20, 22, 37, and 38 of the IG's report on Training in CIA has been assigned to you in connection with your development of the proposals for the Personnel and Training Development Boards (Work Project 23-61).

2. Recommendation No. 20, however, is concerned with the establishment of a JOT Selection and Placement Panel to include representation from the three Deputy Directorates and the Office of Personnel. Although OTR has related it to Recommendation No. 6 which is related to the Board proposals, it also requires separate action. Our present indication from OTR is that they might propose deviation from the action specified and, in this connection, Mr. Echols has indicated that he believes the D/Pers should have an opportunity to comment on the proposal made. Even though this is not directly related to the Board proposals, it is requested that you accept OP action responsibility on this phase as well.
